

112

With F.M.L.

112-112-112

Sometimes things are dull enough that it would be interesting to grab an old board out one of these buildings and paint a picture on it. Never was an artist, but who knows? With all the blossoming talent around Cameron even a newspaperman could learn.

112-112-112

COMPANY WE KEEP...

Urban Renewal awarded bond bid the other day to First National Bank of Dallas on a low bid of 3.67 percent interest, plus a premium incompressible to me. Interesting thing, though, is who, or better said, what institutions were interested in bidding on Cameron Urban Renewal bonds, a sum of \$465,000 for the fiscal year.

Namely, they were: First National Bank of Dallas, low bidder; Republic National Bank of Dallas; Bankers Trust Co., New York City; and Morgan Guarantee and Trust, also of New York City.

The two Dallas banks are Dallas' largest in assets, and the two New York financial houses are among the largest in the country.

Perhaps they bid all the time on urban renewal "paper" as financiers call it. But it is encouraging to know Cameron's "paper" exacts such mighty financial interest among all the projects of this kind in the country. It would seem a portent of things to come.

112-112-112

Never hit back. Think and use the other fellow's momentum.

112-112-112

STAR, THUD AND YANK

A star fell over North Carolina the other day while rows of stars looked on with obvious approval.

The "star" was Brig. Gen. Tom Blackwell, commander of the 71st Airborne Brigade (Sep), Texas National Guard, who is also district judge in Travis County.

He became the first general officer in U. S. Army history to make 65 jumps as a paratroop officer.

The "rows of stars" were general officers of National Guard and Regular Army sitting in a reviewing stand as elements of the Texas 71st Airborne, successor the Texas 36th Division, jumped from C-130s last Saturday.

Major-Gen. George S. Blanchard, commander of the famed 82nd Airborne Division, pinned a paratroop medal following Gen. Blackwell's jump.

A standful of lieutenant, major and brigadier generals looked on, including Major Gen. Ross Ayers, Texas adjutant general; Lt. Gen. John J. Tolson, deputy commander of the Continental Army Command; Lt. Gen. William Peers, Dept. of Army Reserve chief; Lt. Gen. John Hay, 18th Airborne Corps commander; Major Gen. Francis Greenleaf, chief of Army National Guard Bureau; and several brigadiers including Gen. Oscar Davis, 18th Airborne Corps chief of staff.

About 300 71st paratroopers were with Gen. Blackwell's drop, part of thousands of jumps underway during the 71st's summer encampment at Fort Bragg.

Leland Green Sr. Dies; Was Mayor, Councilman

Leland Green, Sr., 80, died in a local hospital Sunday after suffering a heart attack earlier in the week.

Mr. Green was born in Madison County, Alabama near Huntsville on November 11, 1890 and moved to Cameron in 1907.

He was a merchant, funeral director, and rancher, and served as Mayor of Cameron and two terms on the City Council.

Funeral service was at 4 p.m. Monday at First United Methodist Church, the Rev. Alvis Coleman officiating. Burial was in Oak Hill Cemetery.

He is survived by his wife, Mrs. Vera P. Green; a daughter, Mrs. Frank W. Perrin; two sons, Leland Green Jr. and Carroll Green Jr.; Dan Browder, Jim Sweeney and Mark Perrin. Honorary pallbearers were members of the Men's Bible Class of the First United Methodist Church.

Pallbearers were Bill Perrin, Mike Perrin, Guy Dillon, Leland Green III, Carroll Green Jr., Dan Browder, Jim Sweeney and Mark Perrin. Honorary pallbearers were members of the Men's Bible Class of the First United Methodist Church.

Gen. Blackwell hosted a Texas barbecue following the exercise for his prestigious audience and the press. He presented Texas-style hats to fellow general officers at a barbecue Saturday afternoon.

It was interesting to see all those hats on the trim heads of half of the general staff in that part of the country. Each seemed to enjoy the Texas touch.

As one brigadier was getting into his car, someone invited him to visit Texas. He smiled a bit, pulled off his service cap, the bright star gleaming, put on his Texas hat and waved a big smile. Somehow, you felt he found the Lone Star hat a good companion.

112-112-112

To get an idea what these paratroopers wear in full battle and jump gear, a trio of paratroopers showed what went where prior to the main jump of the afternoon.

Beside a main chute on his back and auxiliary chute on his chest, the paratrooper wears a helmet with special chinstrap, the standard jumpboots, ammunition or utility belt, and dangles a 95-pound weapons pack beneath him. He drops the latter about a hundred feet before he hits the ground.

Each time he jumps, the paratrooper must recover his chute which is put into a utility bag and returned for repacking. Redhatted chute packers check out the parachute, repack it and tag it with their name and date of repacking. A supervisor periodically picks out a repacked chute and designates the packer to take it on a jump. This technic assures packers' doing the job right. They never know which chute they'll get.

112-112-112

If you find life a bit dull, and don't have time for sports chuting, as it is sometime called, join the 71st Airborne. Cameron has a platoon, members of which we tried to visit the other day.

That is, if you have the stuff to stay in shape as a civilian for the thud of earth contact and the yank of the chute when it opens.

Distributive Education Added At Yoe High

D. R. Dodson, superintendent of Cameron Schools, has announced the addition of Distributive Education (DE) as a new vocational program at Yoe High School this year.

The program is designed to afford students of junior and senior standing both on-the-job and classroom education in the field of distribution -- retailing, wholesaling, and service selling. Practical work experience is provided the student through part-time employment at some cooperating business within the city.

The new program will supplement two present vocational co-op programs -- vocational agriculture and homemaking, already implemented in the high school program.

The DE program is set up for one or two years and carries two credits each year. Sophomores can also enroll in the Pre-Employment Laboratory Program for one year and move into the DE co-op in his following junior and senior years.

Typical training stations for DE students are department stores, variety stores, lumber yards, drug stores, grocery stores, appliance stores, auto accessory stores, hardware stores, wholesaling outlets, and service selling such as insurance, banks, and service stations.

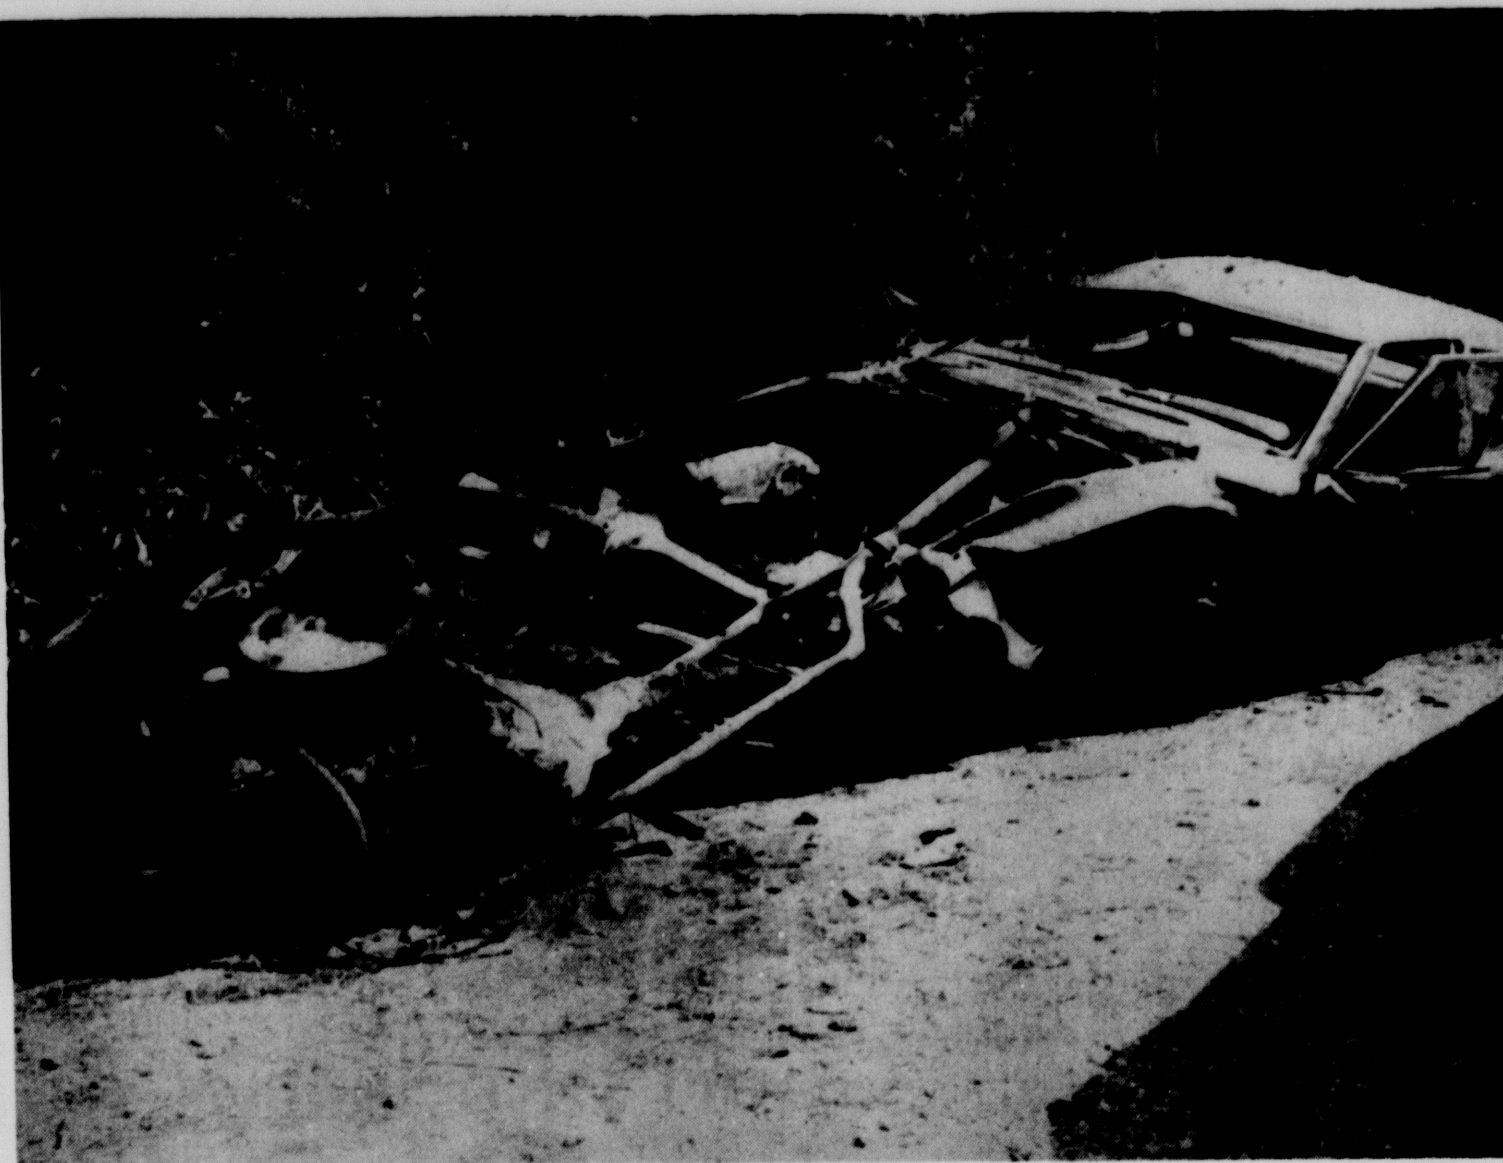

The program will be operated under the direction of Edward C. Foster Jr., teacher - coordinator. Foster will be responsible for the selection and placement of students and will correlate their classroom and practical education.

"The addition of this type of program will do much to provide the youth of Cameron with a well-rounded educational program that will fulfill the need for practical and useful training," Foster said. "It is hoped that this program will enable a large portion of our students to become occupationally competent to

Stay Up & Watch Meteor Shower

The earth will be passing through a meteor shower this week and persons should be able to see up to 50 meteors an hour Thursday and Friday nights.

The best hours for watching for meteors will be after midnight the two nights, said Burke Baker Planetarium spokesmen in Houston. But many meteors can be seen during any of the nights if the weather is clear, they said.

SMASHED AUTO - This 1968 Pontiac left the Hanover Road and tumbled down a steep ravine, killing one passenger Monday

morning. The motor was torn from the vehicle as it turned over several times.

G. Frenzel Has First Cotton Bale

Milam County's first bale of cotton was brought in by Gilbert Frenzel of Rt. 2, Buckholts Monday morning.

The Modern Gin at Buckholts ginned the 695 pound bale from 3,000 pounds of cotton Frenzel brought in. Cotton seed from the load totaled 1,090 pounds.

The bale was ginned at 8 a.m. Monday and was received at the Central Texas Compress Co., in Cameron at 9:15 a.m.

enter college or full-time employment upon graduating from high school.

Interested students and parents are urged to contact Mr. Foster at the Yoe High School during the morning any day of the week, or come by the high school at 9 a.m. Friday, August 13.

Commissioners View Delinquent Taxes

Milam County Commissioners discussed the county delinquent taxes at a meeting Monday when they were informed that the state was withholding 2 percent of county monies awaiting a required bi-annual delinquent tax roll.

County Judge O. B. Harden said estimated cost of the delinquent tax roll was \$1,400. Uncollected taxes totaled \$18,371.68 for 1970, but Valter White, assessor-collector, said the bulk of these were uncollectable.

White explained that because of overlapping surveys of county land, thousands of acres of non-existent land appeared on the rolls. He said they were simply listed as "owner unknown" but by law could not be removed from the roll without re-surveying the county.

Commissioners also discussed filling for payment of delinquent taxes either by the county attorney or a tax collection agency. Judge Harden said the last delinquent tax collection drive was in 1948.

White reported that the county averages 93 percent collections on the \$446,573.29 annual tax roll, including the "unknown" acres.

In other business Commissioners: Accepted a low bid on purchase of a grader by Browning Farris of Houston for \$26,841.00 with \$9,805.00 allowance on the old Pet. 1 grader. Only other bid was \$28,516.00 submitted by Anderson Machinery Co. of San Antonio.

Set a County budget hearing for 10 a.m. August 31.

Renewed a contract with the State Department of Public Welfare for the Surplus Food Commodity office;

Schools Announce Registration Schedules

Registration schedules for both junior high and high school have been released by school officials for the 1971-1972 school year. The first day of school will be on September 1.

New students attending Ada Henderson and Ben Milam Schools for the first time should register Thursday, August 19 at the Ada Henderson school office, if they have not previously registered.

New students attending Cameron Junior High for the first time (transfer students) should register Thursday, August 19 between 9 and 12 at the school office.

New high school students should complete registration before September 1. They should register at the Yoe High School office any day during the week.

Registration schedules are:

YOE HIGH SCHOOL

August 16, 17 seniors register in the morning, juniors register in the afternoon.

August 19, 20 sophomores register in the morning and freshmen in the afternoon.

JUNIOR HIGH SCHOOL

Monday, August 16, 8th grade, 9-12 a.m. and 1-4 p.m.

Tuesday, August 17 - 7th grade, 9-12 a.m. and 1-4 p.m.

Wednesday, August 18 - 6th grade, 9-12 a.m. and 1-4 p.m.

New students should bring records from previous schools attended and their immunization records.

Mental Health Clinic Awaits Med Personnel

A September 1 opening for a Milam County mental health clinic will probably be delayed because of a lack of personnel.

County Judge O. B. Harden said they had numerous applicants for the clinic's clerical position, but to date no one had expressed interest in the positions for a registered nurse or consultant physician.

Proposed budget for the clinic includes \$7,500 for a registered nurse and \$3,250 for a consultant M.D. Harden said the nurses position might be filled by a licensed vocational nurse or qualified case worker, at a lower salary.

A \$19,730 budget for the clinic was approved last month with the agreement that the state would pay all but \$1,800 of the cost. Tentative plans are to house the clinic in the Milam County Health Unit offices.

Dallas Bank Buys UR Bonds

Cameron Urban Renewal bonds in the amount of \$465,000 were sold to the First National Bank, Dallas, low bidder of five, for a 3.67 percent interest rate.

Other bidders were Republic National Bank of Dallas, 3.69 percent; Bankers Trust Co. of New York, N.Y., 3.79 percent; Bankers Trust Co. of New York, N.Y., 3.79 percent; Morgan Guarantee Trust of New York, N.Y., 3.88 percent; and Continental Illinois National Bank and Trust Co., of Chicago, 3.99 percent.

Local Man Killed In Smashup

A Cameron man was killed in a one-car accident about 12:45 a.m. Monday when he was thrown from a car as it left the road.

Dead was Ernest V. Brod, 33, owner of Brod's Mobil Service Station in Cameron.

Driver of the car, Donald Shuffield of Rockdale was listed in fair condition in a Rosebud hospital, where he was transferred from a local hospital.

The accident occurred on Farm to Market Road 2095 (the Hanover Road) just east of the Santa Fe railroad tracks, about four miles east of Cameron.

The vehicle, traveling toward Cameron, apparently left the road and tumbled 100 yards down a steep, wooded ravine. Investigating highway patrolman Leroy Broadus said Shuffield was wearing a seat belt, which probably saved his life.

Funeral service for Brod was held at 2 p.m. Tuesday at Marek-Burns-Laywell Funeral Home, the Rev. Alvis Coleman officiating. Burial was in Oak Hill Cemetery.

Surviving are his wife, Mrs. Margie Brod, three daughters, Juanita, Toni, and Brenda, all of Cameron; his mother, Mrs. Alvonia Cammer of Dallas; and his father, Vince Brod of Cameron.

Murder Charge Filed In Fatal Shooting

A charge of murder has been filed against a Cameron man in the fatal shooting of a woman Friday afternoon.

Charles McGill, 60, has been charged with murder in the death of Mrs. Minnie Wilson Winston, 33, also of Cameron.

McGill is in a Temple hospital where he is reported in satisfactory condition from a self-inflicted gunshot wound.

Sheriff Carl Black said McGill apparently shot Mrs. Winston and turned the gun on himself in an unsuccessful suicide attempt.

The shooting was reported about 3:15 Friday afternoon at 807 Emancipation. Investigating officers found the wounded man and were told by neighbors that they heard three shots fired. Officers found Mrs. Winston in the back of a car parked in her yard, shot twice. She was pronounced dead at the scene by Justice of the Peace Jess Brock.

Neighbors said Mrs. Winston's husband is in the Army and is presently serving in Vietnam.

Funeral arrangements for Mrs. Winston were being handled by Dorsey-Keatts Funeral Home.

Season Football Tickets On Sale

Season ticket holders who had reserved seats in Yoe Stadium last year have until Friday, August 13 to claim their seats, according to a Yoe High School spokesman.

Sale of season tickets to Yoeman games will go on sale to the public from August 16 through 20.

The Yoemen's first game will be at Taylor September 10.

LIBRARY FRIENDS RECEPTION -- Mrs. Eunice Todd Lawrence, Mrs. Arthur Kruse and Mrs. Theodore Barney view and discuss some of the paintings and sculpture shown during Friends of the Library reception Monday at Cameron Public Library. About 75 attended the reception and about \$400 was contributed toward the Friends 1971 funding program. Work of local artists will be on display through the weekend. Artists include Donald Pimpler, Mrs. C. W. Hudson, Mrs. Roy Hensley and Mrs. Calvin Cobb. Young artists include Joan Bean, Cindy Clark, Ronald Cobb, Becky Marek and Juliann McDaniel, James Brock also is showing some small bronzes.

Moonflights Cheap?...

Apollo 15 came back the other day with a couple hundred pounds of rocks which may tell something of the moon's origin, and by implication, origin of earth.

The moon is a satellite to earth and whatever occurred over the eons to develop earth's moon is related to earth's development.

We earth people may be getting indifferent to the technological splendors of moonshots, moonwalks, moon drives, but the information derived from such missions as

Apollo 15 may tell a great deal about ourselves.

It is important to know how the moon's crust was formed in order to understand what is within and beneath earth's crust, if but for one reason, the easier location of vital mineral and energy deposits in remote areas.

"Fly Me to the Moon" may be cheap in the long run, when such trips will enable man to function better and survive longer on this embattled planet.

Habit Of 'Adding On'...

A lot of people are beginning to see the bind that a continuing round of wage and price increases creates in a slow economy.

Fortunately, balance in economy has kept things humming in the Central Texas area. Only direct inflationary influence, beside rising consumer prices, was the new wage contract for a 30 percent increase over the life of the new Alcoa contract.

Steel contracts got the same increase the other day. Prices immediately are being pushed upward in sectors of that and almost every industry.

The irony of present inflation is that productivity is remote to the increases asked. Prices are often increased to

gain over other costs. A cost of living index seems critical.

Until productivity again is a key to higher prices or higher wages or higher anything, an annual inflation factor of about 6 percent is with us.

It says one thing: The American people, top to bottom, somehow feel that a boom will again salvage the economy, which it might next year, but in the meantime, concern themselves with added cost of living only by asking for more or expecting more.

The President may indeed, of necessity, institute guidelines over wages and prices if we, ourselves, cannot as industries and unions and consumers dampen the habit of "adding on."

Dateline Austin...

Attorney General Appeals Court's Redistrict Ruling

By Bill Boykin

An Austin district court decision invalidating the 1971 House of Representatives redistricting act handed state attorneys and legislative leaders a mountain of unanswered questions.

Atty. Gen. Crawford C. Martin is in the process of appealing to the Texas Supreme Court the lower court's decision that the bill's "splitting" of 29 counties into separate districts is unconstitutional. Martin said the appeal is in line with a long-standing policy of his office to advocate the validity of a legislative act until the state's highest court rules on it.

Many high-placed state attorneys feel that if the Supreme Court upholds the August 2 district court finding, the chore of re-doing the job will fall to a five-member Constitutional Board (composed of lieutenant governor, House speaker, attorney general, land commissioner and comptroller).

Constitution says the Board will reapportion when the Legislature fails to do so in the first regular session after publication of each U.S. decennial census.

Lawyers hope the High Court will provide guidelines, however, for they are confronted with these questions:

* Board is directed to meet within 90 days after the Legislature adjourns (before the end of August) and to come up with a redistricting bill within 60 more days (by the end of October). What happens if there is no final Supreme Court ruling by this constitutional deadline?

* Since the House tried to redistrict and its act was knocked out, would reapportionment then be expected in a special session of the Legislature? Constitution says the Board will reapportion if the Legislature fails to act, but the Legislature did "act" in the case of the House plan, only to have a district court declare its work invalid. No Senate reapportionment bill was passed by the Legislature, so that job automatically falls to the Board.

* Since the 1970 census (on which lawmakers base their reapportionment) was published while the 1971 Legislature was meeting, could redistricting really wait until 1973 when the 63rd Legislature convenes?

AG OPINIONS

Attorney General Martin held that a new law requiring certain county officials to report to the county money they receive from operating private business on public property is unconstitutional.

In other recent opinions, Martin concluded:

* Use of automated machines for check cashing at banking houses would not violate Texas laws against branch banking.

* Education code does not entitle a retired school teacher to return to the classroom and have additional years of teaching service thereafter used in calculating retirement benefits.

* Motor vehicle tax on rentals is due at the time of payment of

rental charges. Legislature did not authorize credit or reimbursement for motor vehicle tax paid on original purchase price, when status of vehicle is changed from lease unit to rental unit.

* Bill conferring additional jurisdiction on county court of Orange County is constitutional.

INSURANCE COSTS CUT

State Insurance Board ordered a 50 percent reduction in premiums of standard property damage auto liability policy where \$250 deductible is accepted.

Board further directed a 12 percent cut in basic bodily injury premiums for \$250 deductible coverage, up to \$500 per accident.

New deductibles authorized by the Legislature this year go into effect August 30. New rates take effect September 1. A statewide increase in liability rates of 2.2 percent already has been recommended with old deductibles. Basic liability coverage is \$10,000 per person for bodily injury, up to \$20,000 for several victims of one accident and \$5,000 for property damage. Company can pay the amount of the total claim and collect the deductible later from the policyholder.

TOURISM STRONG

Tight money and the drought failed to halt "a strong upward surge" of tourism during the first half of this year, according to Texas Tourist Development Agency.

Agency found business up 11 percent for the January-June period. Thirty-five main Texas tourist attractions, public and private, reported 17.3 million visitors, compared with 15.6 million in the same period for 1970.

Live Steam Museum at Alamo said business was up 97 percent and Confederate Air Force Flying Museum at Harlingen reported 63 percent increase in visitors. Big Ben National Park visits were up 32 percent; East Texas national forests, 22 percent; Six Flags Over Texas, 18 percent and Padre Island National Seashore, 16 percent. Two-thirds of the visitors were Texans, a third from other states.

HIGHWAY FUND HEARING

Gov. Preston Smith seeks a formal hearing before the U.S. Transportation Department to prevent a threatened cut in federal highway aid for 1973.

Failure of the 62nd Legislature to enact legislation to comply with the 1965 highway beautification act (billboard advertising controls and junk yard screening) will bring a cut in federal allocation, Transportation Secretary John A. Volpe has warned.

Absence of such legislation means a 10 percent federal aid reduction for highway construction.

Smith wrote Volpe that evidence can be offered by Texas to warrant a stay of final determin-

OLD PHILOSOPHER

Dear editor:

According to the syndicated columnists in all the newspapers I've gotten hold of lately, the big issue in the 1972 Presidential election will be economics, a fairly safe prediction in view of the fact economics has been the main issue in elections since elections were invented.

In commenting on the current economic situation, one columnist, after citing the alarming rate of inflation, unemployment, deficit-spending, etc., with the national budget over-shot by 25 billion dollars, said "something is wrong when the government's chief financial officers can't come within 8 or 10 billion dollars of estimating how much the government will spend."

I don't know anything about such matters as the rate of inflation, the economic index or the cost-of-living index, all I've got out here is a thermometer index or the cost-of-living index, all I've got out here is a thermometer that's two or three degrees off and a rain gauge with the markings too rusty to read, although I can tell you whether it's hot or cold outside and whether I need a rain or not.

But what interested me was that columnist's not being able

to understand how the government can't come within 8 or 10 billion dollars of estimating how much it will spend in the next 12 months.

It's easy. For example, at the start of the year how was I to know why hot water heater was going out two months after the warranty ran out, and how could Washington know it was going to have to pay for vaccinating 2 million horses against sleeping sickness at \$4 a shot?

I didn't know the transmission on my car was going to fall apart at a cost of \$139, anymore than Washington knew that Lockheed was going to tap it for 250 million dollars.

And so it goes. If it's not one thing it's another. Anybody with kids and appliances, like a government with 200 million citizens, is in for 12 months of unanticipatable expense.

Maybe that columnist can sit down at the start of the year and tell you what's going to happen to him in a financial sort of way, but me and Washington have never been able to figure it out. Which one of your presses is going to break down next?

Yours faithfully,
J. A.

THE FAMILY LAWYER

At a large public meeting not long ago, about 25 dissenters stationed themselves near the back of the hall to heckle the speaker. Shouting slogans in unison, they made him almost inaudible to many members of the audience.

Someone asked an usher whether anything could be done.

"Not a thing," he replied gloomily. "They're just exercising their freedom of speech under the Constitution."

But the usher was wrong about the Constitution. He was making the all-too-common mistake of thinking that whatever is oral is lawful. The freedom of speech guaranteed by the Constitution does not mean that at all. Many kinds of oral conduct are unlawful.

Here are some examples:

- 1) a moviegoer, just for kicks, yells that the theater is on fire;
- 2) an envious spinster falsely informs the man next door that his wife is having an affair with the milkman;
- 3) a hardware dealer, selling a step-ladder he knows is defective, tells the customer it is safe;
- 4) a drunk warbles "Sweet Adeline" outside a hospital window at midnight.

Each of these actions is oral—and each is unlawful. Furthermore, they were unlawful when the Constitution was adopted. So is the deliberate disruption of a public meeting, whether by shouting slogans or blowing whistles or ringing cowbells.

What the Constitution does guarantee is the freedom to really count: the freedom to express and advocate ideas, however unpopular.

In fact, it is to safeguard this primary freedom that the law imposes reasonable limits on the time, place, and manner of speech. Judge Curtis Bok once put the matter in a nutshell:

"In the whole history of law and order, the longest step forward was taken by primitive man when, as if by common consent, the tribe sat down in a circle and allowed only one man to speak at a time."

It is this kind of common sense that enables a free society to function. It is what the law is all about.

A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

"Low Down" FROM THE Congressional Record

By JOE CRUMP

(A Column for Readers Who Haven't Time to Review the Congressional Record Daily)

PASSPORT PRIVILEGES MASK ILLEGAL DRUGS

REP. LOUIS C. WYMAN (N.H.) "... Last Friday U.S. Customs Agents seized \$20,000,000 worth of pure heroin in the baggage of a man identified as the son of Panama's Ambassador to Taiwan. This person claimed diplomatic immunity from search but for some reason the passport he held was inadequate to support such a claim, and the resulting search produced 175 pounds of pure heroin.

"What if he had held a diplomatic passport? No search. Enough dope to supply the needs of tens of thousands of addicts, and to infect thousands more, would have filtered into the country.

"President Nixon has substantially increased the national effort to combat the drug menace. Attorney General Mitchell is directing a nationwide fight against drugs. But the ship of state leaks like a sieve when the baggage and possessions of persons holding diplomatic passports are free from search.

"In this situation it is virtually impossible to hold the line against increased illegal narcotic drugs. ... Neither international cus-

tom, comity nor protocol, warrants continued failure to plug this shocking loophole in our defenses against heroin and its cousins.

"The more recently developed international custom of extending the privileges and immunities granted ambassadors to INCLUDE THE DIPLOMATS PERSONAL AND OFFICIAL FAMILY must yield to the protection and welfare of our people, especially our young people.

"I am introducing legislation today to provide that baggage and other possessions of all visitors to the United States shall be subject to inspection by U.S. Customs without regard to the type of passport held by such visitor. The only exception provided in my bill is for the sealed diplomatic pouch and the person of individuals granted the rank of ambassador.

"I urge the prompt passage of this legislation to prevent abuses of the privileges of diplomatic immunity and to meaningfully help prevent the growing flood of drugs coming into the United States."

A GRASSROOTS COMMENT

(NEWS ITEM, WASHINGTON (UPD) July 1, 1971.

Turkey, the leading source of heroin flowing into the United States announced Wednesday it had agreed to a U.S. appeal to totally eradicate production of poppies by the fall of next year.

President Nixon hailed the Ankara announcement as a "significant break-through" in the U.S. efforts to dry up the supply of heroin that has created a major addiction problem in this country as well as other parts of the world.

As the sources of heroin dry up, the pressure to smuggle the drug into this country will increase. We must "hang tough." Nice guys won't stop the illegal drug traffic.-J.C.

Buckholts Board Sets Tax Rate

The Buckholts School Board met in regular session August 9 and carried out the following business:

Appointed C. S. Raney, Edwin Fischer, and Ed Senkel to the Board of Equalization.

Set the tax rate at \$1.45 for local maintenance and bond at 20 cents.

Approved a work-study program in conjunction with Temple Junior College.

Adopted a new immunization policy.

Temple Junior College students wishing to work as teacher aides may apply at the Buckholts School office.

Disabled Vets Qualify For Free License Plates

The Texas Motor Vehicle Registration law has been amended to provide free license plates for certain disabled veterans according to Gil Moody, Commander, The American Legion, Department of Texas.
To qualify for the free plates, an applicant must:
1. Be a Texas resident
2. Be a veteran of the Armed Forces of the United States
3. Have a disability rating of 70 percent or more
4. Be drawing compensation from the federal government as a result of a service-connected disability
Under the new law, a qualified veteran is entitled to register, for his own personal use, one passenger car or light commercial vehicle having a manufacturer's rating carrying capacity of one ton or less, without payment

of the prescribed annual registration fee.
Specially designed license plates will be issued, with the letters "DV" appearing as either a prefix or suffix to the license number. The words "Disabled Vet" will appear on the plates, also.

county veterans service officers, and department service officers of The American Legion at the VA Regional offices in Houston and Waco.

About one-third of the cultivated land in India is in rice.

County Agent's Notes

Beef Cattle Short Course Set

By J. D. Moore

Milam County Agent

Some of the nation's leading authorities on beef cattle reproduction and management will be on hand for Texas A&M University's 21st Annual Beef Cattle Short Course, August 16-17 at the Memorial Student Center on the A&M Campus.

The theme of this year's program is "Improving Reproductive Efficiency in Beef Cattle". Reproduction was chosen as the theme because of its great importance to cattlemen. If Texas ranchers could achieve a one percent increase in their calf crops, this would add one million dollars to the total income from beef cattle, according to John R. Beverly, Extension animal reproduction specialist.

Dr. J. N. Wiltbank of Colorado State University, one of the country's outstanding authorities on beef reproduction, is among the guest speakers. He will speak on "Management Programs for Improving Reproductive Performance" on Monday, Aug. 16 at 1:15 p.m. The following day he will discuss the relationship of energy, cow size and sire to calving difficulty in the final presentation of the program at 2:00 p.m.

Dr. H. A. Glimp of the Clay Center, Nebraska research station has been actively working with studies on calving difficulties and calf performance of exotic cattle. He will present his data Tuesday, August 17, at 1:15 in "Studies on Calving Difficulties and Calf Performance in Exotic and Straightened Cattle."

Other guest speakers include Dr. Ray Woodward, Director of Beef Cattle Breeding for the American Breeders Service, and Dr. Lamar Reynolds, research physiologist at the Iberia Research Station in Louisiana. Woodward will discuss "Breeds and Reproduction" and Reynolds will present his findings on important factors influencing reproductive performance in virgin and first calf heifers.

Extension specialists and experiment station workers will also take part in the conference. Registration for the short course gets underway at 7:30 a.m. Monday, Aug. 16.

Most recent census figures shows Milam County to have 72,000 head of all cattle; 41,000

head beef cows and 1200 dairy cows.

SALE OF DAIRY ANIMALS

On August 24, 1971, Texas A&M University will sell 29 head of cattle at public auction. Included in the offering will be 13 Holstein-Jersey crossbred (1/2 - 1/2) cows and heifers, eight of which are bred to Charolais bulls; nine unregistered, purebred Holstein cows and heifers; six registered Jersey cows and one unregistered Jersey.

On the date of the sale prospective buyers will be provided complete information regarding age, performance records, breeding dates and the results of pregnancy examinations.

The unregistered purebreds have not been registered because some misfortune at breeding or birth prevented positive identification of the sire of the animal, or in some cases, the sire of the dam. These are not low producers, but many of them or their dams (in the case of heifers) have excellent records.

The Holstein and crossbred cows being offered are young, all under 4 years. Of the Jerseys, two are over 5 years old; the others, 4 years under. Those that have been bred are due between October and March. At the time of this announcement all but one of the animals, excepting the ten heifers, are milking and are expected to be in milk on the date of the sale.

The auction will be held at the University's Dairy Cattle Center beginning at 1:00 p.m.

Lists and information on the animals in the sale may be obtained from R. E. Leighton, Dairy Science, Room 110 Herman Heep Building, Texas A&M University, College Station, Texas, 77843.

FALL VEGETABLE GARDEN?

The improved soil moisture situation along with cooler temperatures should encourage home vegetable gardeners to get their fall gardens underway. Because of the long drought and other factors, vegetable prices are on the increase and now is one of those times, says John Larsen, Extension horticulturist, when a home garden can be a profit maker.

Early Winter Pastures Produce More Forage

Short pastures and limited hay supplies created by the drought conditions that have gripped Texas are pointing to early winter pastures as an increased supplier of nutrients for cows and calves.

While winter pastures are most profitably used when grazed by animals with high market value such as dairy cattle and stocker calves, they can also be successfully used with cow-calf operations, says Neal Pratt, Extension agronomist.

The cool season pastures provide vitamins and minerals that improve conditions of cattle suffering from nutritional deficiencies and they also stimulate milk flow and encourage heaviest weaning weights of calves.

Early planting, high rates of fertilization, and adequate amounts of good - quality seed should give an extra boost in producing winter pastures, Pratt says.

While early planting offers a target for insect pests such as armyworms, the advantages of getting the seed into the ground early far outweigh any insect threats since insecticides can effectively and inexpensively control the pests, the agronomist adds.

The high rates of fertilization tend to promote deep root systems, early growth and high quality

forage. Soil tests made well in advance of planting time are recommended. One or possibly more sidedress applications of nitrogen, made after some forages have been grazed for a while, are sometimes needed for continued production. This is because large amounts of the initial fertilizer are removed through harvested leaves. This is particularly true in ryegrass, rescuegrass, or small grain utilized forage.

While planting dates vary widely, small grains should be planted by about Sept. 1 in the central and eastern parts of the state. In the southern part of the state, Sept. 15 - Oct. 1 plantings are most desirable.

A well prepared seedbed is a must in any effort to produce winter annual forage crops. Most soils should be plowed to turn under crop residues and other plant material early enough to allow for decomposition and settling of the seedbed before planting. The final seedbed should be clean, firm, and fertile.

Sod-seeding or over seeding of cool-season species into permanent warm season grass sods with little or no tillage has limitations compared to seeding on a prepared seedbed. However, it may be justified where there is

adequate moisture, small acreages, or areas where prepared seedbeds tend to become excessively wet.

Pratt points out that overseeding works best in the cooler areas of the state where warm season grasses go dormant earlier and remain dormant for a longer period. Forage growth is later and production is less than when planting on a prepared seedbed because of later seeding and competition from the grass sod.

Temperatures decline and the days grow shorter, meaning less favorable growing conditions for cool - season plants each day closer to winter. Pratt reminds producers that early planted winter pastures consistently out-produce those where planting is delayed.

Farmers, Ranchers Get \$104 Million In Drouth Loans

DALLAS

The Farmers Home Administration has disbursed \$104 million in loan funds to 9,346 drought-affected farmers and ranchers in Oklahoma, Texas, New Mexico and Arizona, according to a report to the President released today in Dallas by the Federal Interagency Drouth Committee.

The report has been sent to President Nixon by George A. Lincoln, chairman of the committee, established at the President's direction to accelerate and coordinate federal assistance to the four dry Southwestern states.

The FHA loans were made in three categories: emergency, operating and farm ownership. Emergency loans are being used to pay for production or living expenses and to replace livestock and equipment needed to restore operations affected by the drouth.

Operating loans are being used by farmers and ranchers to buy livestock, equipment, feed, seed, fertilizer, poultry and supplies for farm and home operations. They also may be used to refinance certain debts or to pay interest on them, pay depreciation on equipment, make minor real estate improvements, improve forest lands, or establish, farm-based business enterprises to supplement farm income.

Ownership loans are being used to refinance drouth-related debts, buy lands, construct or improve buildings, improve farm land, develop water facilities, and establish farm-based business enterprises to supplement farm incomes.

20 YEAR AWARD - Cornelius Titsworth, right, Cameron Vocational Agriculture teacher, receives the 20 year tenure award of the Vocational Agriculture Teachers Association

from the organization's president, Ray Seale of Shiner. The award was presented at the annual awards breakfast of the association in recognition of the dedicated service rendered to vocational agriculture.

PLANT WINTER PASTURES

Short pastures and limited hay supplies caused by the drought are reason enough for stockmen to plan now and plant early the needed winter pastures. Neal Pratt, Extension agronomist, says research and on - the - farm demonstrations have shown that early planted winter pastures consistently out-produce those where planting is delayed. Don't forget, reminds Pratt, about a soil test to determine fertilizer needed.

By Danny Phillips
Asst't County Agent

The District 8 4-H Record book judging was held July 27 and 28 at Stephenville. The judging was held in the newly remodeled District Extension office and was judged by the extension agents of District 8.

This year a total of 208 4-H record books were turned in for district competition. This compared with 223 in 1970. There were 92 Senior Division books and 116 in the Junior Division. Senior members are those that were 14 by January 1, 1971 and not over 19. Junior members are 9 by January 1 and not over 14.

Milam county 4-H'ers turned in a total of 47 records at the county level and sent ten senior and fourteen junior, in 19 different categories, to the district judging. The senior winners will be judged at the State level later this year. The first place records in each division and the first three places in Santa Fe and the top four in Dress Revue, also the top boy and girl in Achievement and Leadership will also compete at the State level.

The following Milam county 4-H record books will be judged at State. We do not have the placing on the other senior members.

In Achievement Milam county made a clean sweep, picking up first place in the boy and girl division. Daniel Richardson, son of Mr. and Mrs. James Richardson of Cameron, Peggy Stephens, daughter of Mr. and Mrs. Boyd Stephens of Rockdale, were the winners. These records were a composite of many years of activities and awards for these 4-H'ers.

In Consumer Education - Home Economics, Deborah Stephens, daughter of Mr. and Mrs. Boyd Stephens of Rockdale, won first place in this division. This record will be judged against other records at the State judging also.

In Food Preservation, Cathy Garza, daughter of Mr. and Mrs. Gabriel Garza of Rockdale, won 2nd place in her division.

In Santa Fe, three records will go to State judging. From Milam county Melvin Hollas, son of Mrs. Hugo Hollas of Cameron, will compete for State honors. Melvin is a member of the Countywide 4-H Club.

In Swine, Sandra Cobb won the third place slot in this division. Sandra is a member of the Countywide 4-H Club.

In the Junior division, the following results are available: Citizenship, Leroy Stephens, Blue. Clothing, Martha Garza, Blue. Dog Care, Suzie Tumlinson, Red. Entomology, Peter Riola, Red. Field Crops, Benward Tepera, White. Horticulture, Larry Cone,

Blue. Leadership, Rosemary Ehler, Blue. Swine, Gery Hollas, Red. Sheep, Debra Fleming, Red.

HEART OF TEXAS FAIR

The Heart of Texas Fair is slated for October 5 to the 10th at the Fair grounds in Waco. This is the first major show of this year and is a warm-up for the State Fair of Texas at Dallas. Last year some 219,500 people attended the Waco show. This year a bigger show is planned and attendance records could fall.

Milam County 4-H clubs will attend the Heart of Texas Fair. Arrival and release times are available in the county agent's office according to Danny Phillips, Asst. CAA.

The Milam County 4-H Dairy Judging team plans to judge at this show. The contest will be held October 9 at the Coliseum arena.

ICE CREAM NIGHT

A County wide 4-H family night will be held August 28 in Cameron. A definite meeting place has not been arranged.

The 4-H clubs of the county will meet for a night of fun, food, and fellowship and all 4-H'ers and their family are urged to attend. The only requirement is that each family is to bring a freezer of ice cream if they have a freezer or 2 dozen cookies or a cake. Sound good? Then we'll see you August 28th. Be looking for a card announcing this activity.

MR. & MISS CONTEST

The annual Mr. & Miss contest will be held this year from September 1 to September 30. The earlier date is necessary so that the county Awards Banquet may be held before the District Gold Star Banquet. Clubs will be selecting candidates this month.

BEEF TENDERIZER

Storage of beef carcasses at higher than usual temperatures immediately after slaughter is an effective beef tenderizer, Texas A&M University Experiment Station research shows. Details of the study are available from the A&M Animal Science Department.

Maroons To State Playoff

The Cameron Maroons Friday night won a trip to the Texas Pony League playoffs at Sweetwater with a 4-2 win over McGregor on a waterlogged field there.

Pitcher John Barron tossed a one-hitter and struck out 14 while six Maroon batters hit 2 for 4 in a 12-hit barrage against McGregor pitching, a Clifton player who went all the way for the Regional Pony League finals loss.

Barron, Hill, Hornung, DeStefano, Whiteside and White each cracked two singles on a field that caused flyballs to plod where they landed in the mud.

Maroon runners crossed homeplate one in the first, second, fourth and sixth innings, while the two unearned McGreggor runs came in on stolen bases, advancing after Barron walked two.

The final game was postponed for a week because of soggy playing conditions at McGregor and later in Cameron, where it rained most of the past week.

The Maroons hit safely 12 times and allowed one error. A double play ended the 7-inning game when Orsag caught a popfly at third and threw to second baseman Marvin Parker to double a McGreggor player.

It was the second consecutive win in the regional for the Maroons, now 14-0 for the season. They crushed Gatesville, 22-1, two weeks ago.

Barron and Whiteside were the winning battery, going the whole game.

Maroons left for Sweetwater Tuesday morning and played at 6 p.m. game with Conroe.

Manager Peanut Barron said six teams were in the state playoffs. He said the team would play at least two games in the Sweetwater finals.

It was the first time in Cameron history that a Pony League team had gone to the state finals.

The Little League Cardinals last year finished in the top four in the state playoffs for Texas Little League teams.

Cards Tie With Astros

The Cameron Cardinals lost one and tied one in a Sunday night doubleheader with the Bryan Astros.

The first game went to a 3-3 tie while the Astros won 3-1 in the night contest.

The Cardinals will play a doubleheader here Sunday with the Bryan club at Colonial Field.

First game will begin at 1 p.m.

Buckholts Gridster Shines In 6-Man All-Star Game

Gordon Haisler of Buckholts and Willie Leos and Charles Vandiver of Oglesby helped the East six-man All-Stars defeat the West All-Stars July 30 in a come from behind victory 33-32.

The game was part of the Six and Eight Man Coaching Association Clinic held in Levelland, Texas.

The game opened with the East taking the opening kickoff and marching 40 yards for the touchdown. The extra point try was good and the East led 7-0.

The West came right back and went 52 yards in seven plays, scoring a TD and extra points. Scoring again in the first quarter, the West led 16-17.

West scored again during the second quarter and led 24-7 at halftime.

After the half, the East went from a tight T-formation to a spread and began to move the ball scoring three times in the third quarter. The quarter ended with the East taking the lead 27-24.

Gordon Haisler held the East

defense together and they managed to hold the West to only two first downs in the third period.

Leading the team in tackles, Gordon and 8 unassisted and a total of 21 tackles for the night Willie Leos and Carlton each had nine total tackles. Gordon was also the starting center for the East and missed only one offensive play at that position.

The West scored in the fourth quarter with 3:12 on the clock, and led 32-27. Leos then took the kickoff on the eleven and returned it to the 40. Leos went 25 yards to the 15 yd line and a first down.

Leos ran for 3 yards to the 12. From there Leos scored his second TD and the extra point pass was intercepted.

Coach for the East was Gary Fox of Miles High School. Last year he coached for Oglesby High. The assistant coach was Grant Tidwell of Star.

The East had 14 first downs to West's 16. Rushing yardage for the night was East 237, West 246. The teams tied for passing yardage, 133.

Score by quarters:
East 7 2 18 6 33
West 16 8 0 8 32

Miss Judy Couch and Miss Elizabeth Couch of Goliad are house guests of Dr. and Mrs. Lloyd Hollister of Cameron.

Mr. and Mrs. Lee Marek and Dr. and Mrs. Gus Evans and daughter, Debbie, have returned from a vacation trip in Mexico.

Sgt. and Mrs. Don Obermiller, Daniel and Debbie, of 29 Palms, California are visiting family and friends in Milam County.

Mrs. Ike Camp attended a pink and blue shower for her daughter, Mrs. Craig Jackson at Longview last week. Nancy came home with her mother to spend the week and Mr. Jackson came Thursday and they returned to their home in Longview Sunday.

Eight Texas Sites
Added To National
Historic Registry

Eight Texas properties have been added to the National Register of Historic Places.

The United States Department of Interior notified the Texas Tourist Development Agency that the following historic sites have been added to the registry:

The Kennard House in Gonzales County. The Allen-Bell House in Bastrop County. The Lay-Bezka House in Lavaca County. Seminole Canyon District in Val Verde County. McFaddin House Complex in Jefferson County. Hatfield Plantation and Red House in Washington County and Cartwright (Matthew) House in San Augustine County.

the new idea fabric...

Canvas Creates the Right Mood

From the terrace, by the swimming pool, over the patio... versatile canvas creates exactly the right mood.

Canvas is so traditional, yet so contemporary, so sturdy, yet so stylish. That's the charm of decorating with this distinctive cotton fabric — anything goes!

Because of its firm body, wide color range, and unique design flexibility, canvas can be adapted to suit the most exacting need, the most fastidious taste.

Attach a side curtain to hooks around the edge of a big beach umbrella and you have a portable canvas cabana. Detach the curtain and it doubles as a sunning mat.

Pastel-tinted canvas petals supported by metal pipes embedded in flower pots create a colorful garden pavilion of pure delight.

A vaulted canvas roof can make apartment balcony living a comfortable, private affair.

Canvas comes in a wide variety of weights, finishes, and weaves. Army cotton duck is the top-grade, all-purpose canvas. It's specified most for awnings, canopies, outdoor curtains, sun and wind shields, furniture, and other exterior-interior uses.

Generally, canvas is treated for mildew-resistance and for water repellency during manufacture. It also can be treated to meet government specifications on fire resistance.

New finishes, such as

acrylic paints and vinyl coatings, make canvas last longer, keep its color and resist soil. And what clear and true colors: from the sophisticated solid white that's so popular this season to bold shades of royal blue and pea-cock green... or the warmer ranges of hot orange, pale pink, and lemon yellow.

As for canvas patterns, you name it and your awning dealer can get it for you. Maybe wide stripes that give a festive flair or narrow, multi-colored ribbon stripes. How about rich solids that lend a note of elegance... or crisp checks and plaids for that jaunty look?

Position an old iron bedstead on the terrace. Place thereon a floral-designed canvas mattress and matching pillows. Voilà! — a lounging couch.

Decorate the terrace entrance with a floor-length tieback canvas curtain and an overhead awning valance. Add a couple of giant planters, a coffee table, and director's chairs covered with canvas in flashing black and white zebra stripes. Hang up an abstract painting. Result: an "in" place to be.

A white valanced awning gives privacy and sun protection to the poolside area. For the large brick patio leading to the garden, striped canvas with tassels produces a glamorous setting.

That's the thing about canvas... it creates exactly the right mood.

FROM THE TERRACE—Cotton canvas strikes a stylish note on this unusual terrace. A converted iron bedstead fitted out with canvas cushions makes a conversation piece and adds seating and sunning space. Tieback canvas curtains topped by a Mediterranean awning valance frame the wrought iron double-door entrance, and zebra-striped canvas covers handsome director's chairs grouped around a refreshment table.

For and about WOMEN

Page 6 Cameron, Texas, Herald, August 12, 1971

Births

To Mr. and Mrs. Bill Schmidt of San Antonio, a boy, William Joseph, 8 pounds 11 ounces, born July 27 in San Antonio. Grandparents are Mr. and Mrs. Charles C. Smith, Jr. of Cameron and Mr. and Mrs. Curt Schmidt of New Braunfels. Great-grandmother is Mrs. Dick Batte of Cameron.

ANNIVERSARY - Mr. and Mrs. Herbert Synatzske Rt. 1, of Buckholts, will observe their golden wedding anniversary on Sunday, Aug. 15 with a family luncheon followed by open house from 4 to 6 p.m. in the Hope Lutheran Educational Unit, Buckholts.

hosted by their two sons and families, C. O. Synatzske of Rogers and Clarence Synatzske of Dickinson. The couple was married on August 14, 1921 at the Lutheran Church in New Bern community, near Taylor, Texas.

Follow 3 R's
In Cooking
Vegetables

Practice the three R's of cooking, and you'll save nutrients in vegetables, reminds Frances Reasonover, Extension foods and nutrition specialist.

Miss Reasonover says the three R's are to reduce the amount of water used, reduce the cooking time, and reduce the amount of surface area exposed.

To decide how much water to use, consider the color and flavor of the vegetables, she explains. The size and shape of the pan, the length of cooking time, and the use of a pan cover are also important.

Quick cooking vegetables need only a small amount of water, she adds. Starch vegetables need longer cooking and require more water. It is better to add water during cooking than to have more than needed when vegetables are done.

Vegetables should be cooked in the shortest possible time, Miss Reasonover continues. Bring the water to a boil, add the vegetables, and again bring the water quickly to a boil. Cook only until tender.

The specialist advises cooking vegetables in their skins whenever you can. Slicing and dicing will increase the loss of nutrients, especially if the cooking water is discarded and the vegetables are overcooked.

MAIL HAS RIGHT-OF-WAY

At a traffic intersection, the U. S. Mail truck has the right of way over all other vehicles, at all times.

Miss Grady Cockrell,
James A. Roberts Wed

Miss Grady Ann Cockrell, daughter of Mr. and Mrs. Grady Alton Cockrell, Harker Heights, and James Allen Roberts, son of Mr. and Mrs. James F. Roberts of Toledo, Ohio, were united in marriage Sunday at the home of the bride's parents.

The bride is a 1971 graduate of Buckholts High School and attended Temple Junior College. She is the granddaughter of Mr. and Mrs. Park Gibbs of Rt. 2, Buckholts.

Maj. Howard McCloy read the double ring ceremony before a 15-tier candelabra with white tapers, green palm leaves and white majestic daisies. Mrs. Win Cockrell, pianist, furnished wedding music.

Given in marriage by her father, the bride wore a white brocade princess style gown adorned with crystal buttons. Her head-dress was a lace bandeau trimmed with seed pearls and crystals and she wore a diamond drop borrowed from her mother. She carried a bouquet of majestic daisies with white streamers atop the family Bible.

Miss Gaby Monnone of Ft. Hood was maid of honor and matron of honor was Mrs. Mike Hubbard of Copperas Cove. Junior bridesmaids were Miss Kelli Cockrell and Miss Lisa Urbantke, both of Harker Heights. Miss Sonia Stewart of Harker Heights was flower girl.

Al Roberts of Toledo served as best man. Groomsman was Mike Hubbard of Charlotte, N. C. Candles were lighted by Britt

Cockrell, brother of the bride, and Richard Cockrell of Vidor, cousin of the bride.

The bride's parents were hosts for a reception after the ceremony at the Pepper Club in Harker Heights. The bride's table was covered with a yellow cloth and centered with white three tiered bridal cake decorated with yellow and white daisies. Bouquets of majestic daisies and silver candelabra were arranged on either side of the centerpiece.

Members of the houseparty included Mr. and Mrs. C. L. Dockery Jr., Mrs. A. N. Cox and Mr. and Mrs. B. M. Gibbs, all of Killeen; Mrs. D. D. Jacob, Mrs. Bob Stewart, Mr. and Mrs. Bill Gibbs, all of Harker Heights; and Mrs. Jack Cockrell of Vidor.

After a short wedding trip the couple will live in Toledo.

Rotary Exchange Student Will
Have Senior Year In Germany

Susie Weatherford, granddaughter of Mrs. C. B. Jenness of Cameron, will attend school in Pforzheim, Germany, this winter as a Rotary International exchange student from district 584.

Susie, daughter of Mr. and Mrs. Kenneth Weatherford of San Marcos is a high

school senior. In Germany she will be staying in the home of Mr. and Mrs. Reinhold Wenz whose son, Udo, will spend the year in San Marcos.

Susie's exchange family speak English and a letter from Mrs. Wenz advised "You will feel well in our beautiful surroundings

which are very abundant in forests. From our house, which is located on the outskirts of the city, it is only 5 minutes to the wood, inviting to extended walks."

Mrs. Wenz said in her letter that winter will be long in Pforzheim and temperatures of -20 degrees are not rare. "Therefore, it would be advisable if you bring along with you preponderant warm clothing."

Mrs. Wenz also gave Susie some idea about the life she will be living for the next year. She said that German "female juveniles prefer Levis or jeans," and one would get the idea that youngsters in Germany are not much different basically than they are in America.

The various schools are called "Gymnasiums" and Mrs. Wenz says that lessons begin at 7:45 in the morning and finish about 1 p.m. Once or twice a week there are "subsidiary" subjects, such as sports and music.

Susie will leave August 30 and will travel with another Rotary exchange student from Fredericksburg, Texas, who is going to Austria. Susie will arrive in Frankfurt, Germany, at 10 a.m. on August 31 where the Wenz family will meet her and her exciting year will begin.

Susie, who has two sisters, will be joining a family that includes a 17 year old daughter, four year old son and "four legged Till, a bow-legged Dachshund."

After she returns from Germany, she plans a degree in biology from Southwest Texas State University and a career as a registered nurse. She was active in various organizations at San Marcos High School, including three years in Royal Guard.

SUSIE WEATHERFORD,....
Rotary Exchange Student

San Gabriel

By Mrs. Ralph Heisch

Those going to boys camp at Highland Lakes this week include Danny Sowders, Ronnie Sowders, Rickie Naranjo, Stephen Black, and Stephen and Mark Wimberly. Bro. Bob Wimberly is along as counselor for the group.

Miss Peggy Achtruh and John Westbrook of Thorndale exchanged wedding vows on Saturday August 7 at the St. Johns Lutheran Church in Thorndale.

A number of friends and relatives from San Gabriel were in attendance. Peggy is a sister of Mrs. Donny Heine of this community.

Malcom Holder, son of Mr. and Mrs. Emory Holder is in the Breckenridge Hospital in

Austin. The pickup he was driving was involved in a two car accident in Taylor Friday night. He is under close observation with a fracture of the skull.

Mrs. Zane Stigall and daughter Michelle Lee of League City are spending the week with the William Stigalls.

Mrs. Rockney Terry and Lynette Terry of Huntsville were weekend guests of Mr. and Mrs. James Terry.

Mr. George Shine of Houston came Sunday evening for a visit with his daughter and family, Rev. and Mrs. Bob Wimberly and children.

Mrs. Bobby Evans and Travis of near Caldwell visited her par-

ents, the Jim Stewarts, from Tuesday until Thursday of last week. Also visiting his grandparents was Stuart Caffey of Salty, coming especially to play with his cousin, Travis.

Stephen Wimberly observed his 12th birthday Saturday with a swimming party at the Thorndale pool. Guests included Stephen Black, Billy and Doug Evans of Rockdale, Darrell and Gary Daniell and their cousin Doug. The group returned to San Gabriel with the Wimberly family for refreshments.

Friday night Mr. and Mrs. Richard Heine visited her sister and husband, Mr. and Mrs. Earl Potts of Laurence Chapel.

Most Complete Family Store

By Mrs. J. P. Wise

Mrs. Tracy Dohner and daughters of Tulsa, Oklahoma visited her cousin Mrs. H. M. Yager and family last week.

Mrs. Vaughn Thweatt, Mrs. Kenneth Thweatt, Mrs. Lavern McElwath and son and Larry Thweatt visited the Judson McKelveys in Austin Sunday.

Mrs. C. T. Trott of Barstow is visiting her sister Mrs. J. P. Wise.

Dwight McKelvey of Austin is visiting his aunts, Mrs. Dock Thweatt and Mrs. Leota Thweatt this week.

Mr. and Mrs. Clyde Hensley left for Dallas Tuesday where they joined their son and wife, the Deb Hensleys for Charlotte, N.C. for a visit with Mr. and Mrs. Hoke Smith. Mrs. Smith is the daughter of Mr. and Mrs. Deb Hensley.

Rev. and Mrs. Frank Newton of Houston were here Tuesday for the funeral of her uncle, Mr. Seth Cooper. They visited briefly with Mrs. Newton's mother, Mrs. W. C. Cooper.

Mr. and Mrs. Jim Frances of Killeen and Mrs. Gray Phipps of Rogers, Ark. attended the Cooper funeral Tuesday. They visited Mr. and Mrs. Roy Newton Tuesday evening.

Mr. and Mrs. Bill Wise and children of Angleton spent the weekend with his mother, Mrs. J. P. Wise.

Rev. and Mrs. Henry Davenport Jr., Judson, Stephie and Trozie of Morphlett, Ark. visited his parents, the Henry Davenports Sr. several days last week and attended the funeral of a friend at San Marcos on Saturday.

Mrs. Aleta Marek returned home last Tuesday after spending nearly two weeks in Scott and White Hospital of Temple.

The Ervin Stoebners spent Sunday with their daughter, the Louis Pechal family of Killeen.

The Carlton Parkers of Hewett and the Gerald Fosheas visited the Arthur Davenports of Cameron last Thursday night.

Mr. and Mrs. Fred Cochran and Julia McCollum of Cameron, the Billy Jeff Prescotts and girls and a cousin and family of theirs of Houston visited Mrs. J. T. Prescott and Jake during last week.

Mrs. Bob Wied, Mrs. Aleta Marek and Mrs. Mary Hensel of Rosebud visited Mrs. Johanna Wied last Friday night.

The Jimmy Litzmans and Lori of Houston visited Mr. and Mrs. August Lorenz and Robert last Saturday.

By Mrs. Gerald Foshea

Mrs. August Lorenz and Robert visited Mrs. Rosa Marek, Mrs. Paul Janke and Mrs. Otto Becker at Heritage House in Rosebud last Friday evening.

Mr. and Mrs. Grover Lorenz and Malinda of Grand Prairie, Mr. and Mrs. Weldon Lorenz and Vivian of Killeen, Mrs. Johnny Stock and granddaughter, Lori Litzman of Houston and Mr. and Mrs. Joe Pelzel visited the August Lorenz and Robert during the weekend.

The Herman Ploceks of Coattulla and Mrs. Bill Plocek of Maybank visited the A. E. Hensels one day last week.

Mr. and Mrs. Rudy Wunsch and the Elgin Hensels of Rosebud, Mrs. Bill Plocek of Maybank and the Thomas Wilcoxens of Mesquite visited the A. E. Hensels during the weekend.

Janet and Duane Wilcoxen returned home after spending last week with their grandparents, the A. E. Hensels.

Mr. and Mrs. Walton Warchak visited his mother, Mrs. Louis Warchak and Laurence of Frelsburg during this week.

The Arthur Davenports and

the Henry Davenports visited the Carlton Parkers of Hewett on Sunday evening.

Mr. and Mrs. Billy Wayne Marek and Stephie of Plano spent the weekend visiting Mrs. Aleta Marek and other relatives and Stephie celebrated his 4th birthday here.

Mr. and Mrs. Thomas Polk and boys and the Gerald Fosheas had Sunday dinner with the Joe Ralstons, Bobby Joe and Carla Renee of Little River.

Mr. and Mrs. Roel Buegeler and family had Sunday dinner with Mrs. Rosie Buegeler.

San Gabriel

Thursday, August 5 during a thunder storm, lightning struck a hay barn on the old Bailey Turner farm and the barn as well as the hay that was stored in it, was a complete loss.

Mrs. Andrew Garner has returned to her home here after a week of visiting in Dallas, Richardson and Greenville. On Monday evening she attended the Stiles-Blazier wedding, Miss Stiles being the granddaughter of Mrs. Garner. On Saturday Mrs. Bobbye Treuthardt and a friend, Mrs. Virginia House of Dallas brought Mrs. Garner home.

PARATROOPERS - Three C-130 Airplanes unload paratroopers of B Co, 2d Bty 143 Bde, Texas Army National Guard over

Normandy Drop Zone, Fort Bragg, N. C. The drop is part of an assault operation during summer camp, U. S. Army Photo

Airborne Guard Train At Bragg

Gause News

By Mrs. Wanda Lee

The largest airborne exercise in the history of the National Guard is now in its first full week with elements of the 71st Airborne Brigade participating in summer training at Fort Bragg, N.C.

About 3,000 'Texas Paratroopers' of the Houston-headquartered brigade started their two-week annual training Aug. 1. Actually, the men departed two Texas locations on Saturday while in a drill status.

The citizens - turned - soldiers for two weeks departed Austin's Bergstrom AFB and Houston's Ellington AFB early Saturday. US Air Force C-141 Starlifters carried the Guardsmen to Fort Bragg, N.C. They wore their combat equipment and conducted a 'drop-in' at their training site.

Brig. Gen. Tom Blackwell, brigade commander, said there would be more than 2,800 individual jumps during the two weeks of training for members of his command. Blackwell, the 'jumpin' judge of Austin's 167th District Court, has commanded

the brigade since it was formed in January, 1968.

Not since the old 36th (Texas) Infantry Division trained at Fort Polk, La., in 1962 has such a large contingent of Texas Guardsmen trained outside the borders of the state simultaneously.

However, this is not the first time for members of the 71st Airborne Brigade to train at Fort Bragg. Three composite companies have conducted 'jump-ins' at Fort Bragg within the past year.

Texas' 71st Brigade is the only Airborne National Guard brigade-size unit in the reserve structure of the US Army. The outfit will be training with the famed 82d Airborne Division during their stay at Fort Bragg. The most up-to-date equipment in today's Army will be utilized during the two-week period.

Buckholts

By Mrs. Edwin Gandy

The Buckholts area has received about 6 inches of rain in all and it was really needed.

Mr. Bruce Massengill, who has been a patient for some time in the veteran's hospital of Temple, had surgery last Thursday.

Mr. and Mrs. W. H. Gilbert had two grandsons that were involved in a one car accident near Cameron last week. Ronney Gilbert of Cameron is still in a critical condition in Scott and White Hospital of Temple. Dwayne Mitcham from Buckholts has been released from the hospital.

Mr. and Mrs. Henry Fuchs of Bishop visited in the Johnny Fuchs' home during the weekend. Montie Williams of San Antonio has been visited in the Steve Burtis' home for the past week.

The Ladis Marek family spent the weekend in Waco visiting her parents, Mr. and Mrs. Joe Goldheggen.

Visiting in the Ladis Marek home on Thursday night were Mr. and Mrs. Bill Kosel and son Bill of Ben Arnold and Mr. and Mrs. Johnny Morgan and children of Temple.

Mr. and Mrs. O. W. Whittington spent Sunday with their daughter and family, Mr. and Mrs. Roger Williamson and Shana of Cameron to celebrate Shana's birthday.

Mr. and Mrs. Tommy Lane and Kimberly of Temple visited in the Frank Garey home on Sunday.

Mr. and Mrs. W. E. Beckhusen and children have returned after a few days of vacation in Galveston.

Lon, Fern, Carter and Carol Critchfield visited with Lon's sister, Mary Bowling Sunday. Dan G. Fowler met them here for a visit with his sister, Fern. Last week Albert Critchfield visited here with his aunt, Mary Bowling, and in Hearne with his brother L. H. Ruddick and family and with other relatives and friends.

Mr. Sam Harris of Houston and Mr. and Mrs. F. B. Mathis and sons of Birmingham, Ala. visited the weekend with Mrs. Lillie Harris. The Mathis' will be visiting here in Gause with Mrs. Harris and in Hearne with Mr. and Mrs. Bud Mathis and other relatives this week.

Mr. and Mrs. Garland Hux of Cameron honored their daughter, Staci, on her fifth birthday with a party at the home of her grandparents, Mr. and Mrs. Cecil Butler. The party was held in the carport and on the front lawn of the Butler home. The carport was galli decorated with party balloons.

The youngsters played 'Pin the Tail on the Donkey' and other games. Prizes were awarded Kevin Coats and Craig Lee.

After the gifts were opened and 'Happy Birthday' was sung refreshments of birthday cake and cokes were served.

Those attending included, Kandy, Lori and Larry Collie, Sherrie, Kay and Kevin Coats, Dwayne and Lisa Cass, Connie, Gerald and Chad Lagrone, Loretta, Donna, Carla and Roy Willard, Clayton Ray and Rhonda Garrison, Debbie Todd, Diana Wilkins, Shelly Johnson and Regina Miller.

Also, Craig, Kelly and Lance Lee, and Staci's brother, Jeff. Adults attending included, Mrs. Terry Collie, Mrs. Jimmy Cass, Mrs. Alfred Coats, Mrs. Claude Lagrone, Mrs. Lee Roy Willard, Mrs. Donna Horton, Mrs. Bobo Todd, Mrs. Bobby Ray Garrison, Mrs. Wiley Kirk, Mrs. Roy Fuller, Mrs. Lizzie Hughes, Mrs. Lillian Anderson, Mrs. Wayne Lee, Mrs. Butler and Mrs. Hux.

Each child was given a coloring book and crayons before leaving the party.

Mrs. Donna Horton spent several days with her sister and family, the Jimmy Cass', Dwayne and Lisa.

Last week Mrs. Grace Stevens and Mike accompanied Miss Gladys Kornegay on a trip to Snyder for a visit with Mr. and Mrs. Harold Kornegay and children. They attended a program where Kenny Kornegay received a boy scout award and pin.

Mike Stevens accompanied Mr. and Mrs. Cecil Kornegay and children to a Brownwood lake for the weekend where they met the Harold Kornegays.

The Koye Cass' had lunch in Hearne Sunday with the Wayne Albrights and Marsha Sunday evening. Mrs. Ray Payne, Denise and Debbie of Danbury arrived for a few days visit with Mr. and Mrs. Koye Cass and other relatives.

Mrs. Brown Ely spent the weekend in San Diego, Texas with her brother and sister-in-law, the Walter Burneys, while son, Rock, went on to Corpus Christi for the weekend.

Mrs. Roger Kingsley spent several days last week in Bellville with her grandchildren, the Grahams, while their mother and a couple of other ladies took a trip to Mexico.

The Wayne Lees, Craig, Kelley and Lance, Larry and Garry Dworaczky were in Rockdale Friday night at the home of Mrs. Edna Matejowsky where they helped Mrs. Fannie Holdiness celebrate her 86th birthday.

Refreshments of birthday cake, ice cream and punch were served.

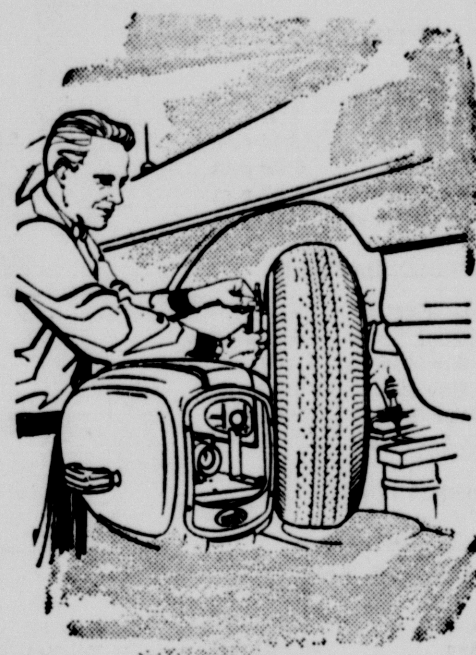

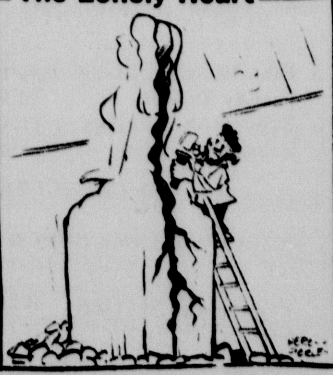

Others attending were Mrs. Ila Mae Lee of San Antonio, Mrs. Chester Zarniki, and Mrs. David Roessler and children of Houston, Mr. and Mrs. Harold Neal of Milano. Sunday they all along with the Edward Dworaczky of San Antonio, Mrs. Fannie Pierce of Houston, Mrs. Maggie Chaney of Hempstead, Mr. and Mrs. Douglas Pierce, Tammy and Aamatha of McDade and Jinks Lee of Navasota had lunch and spent the afternoon with the Neals in Milano.

They all came at this time to be with Mrs. Holdiness on her birthday.

Mr. and Mrs. Dworaczky, Mrs. Lee and Jinks Lee spent Saturday night with the Wayne Lees.

Mrs. Lillian Anderson and Miss Cathy Seits of Missoula, Montana have been visiting here with Mrs. Anderson's parents, Mr. and Mrs. Roy Fuller and other relatives.

Poage Says Controls Only Way To Stop Inflation

The President must decide soon whether it is better to allow wages and prices to continue to rise or clamp on controls, Cong. W. R. Poage said in his news-letter this week.

Poage said the inflation can only be stopped or slowed by price controls, at least temporarily.

"I know this always results in inequalities and that many people will be hurt," Poage said. "But the Congress gave the President the power to control both wages and prices and it seems to me that he is going to have to exercise that power or inflation will soon be completely out of hand and all our present incomes will, in effect, be confiscated."

TSTI Continues Pretesting For New Students

Due to an increase in the applications for enrollment by new students entering the Texas State Technical Institute, the Office of Admissions has scheduled a second pretesting period to facilitate the registration process.

TSTI previously held a testing and pre-enrollment session for new students in July on the James Connally Campus.

The second session will be held August 16 and August 17 in the Student Affairs Office, Bldg. 40-5. Sessions begin at 9:30 a.m. and 1:30 p.m. each day, and will last about three hours each.

The Monday and Tuesday sessions will speed up the enrollment process for new students planning to attend TSTI. They will include general aptitude testing as well as various other tests.

Students attending the pre-enrollment sessions are required to make an advance payment of \$20. This payment will be credited toward fees required to begin classes in September.

Fall trimester registration for new students will begin Monday, August 30 and will continue through Tuesday, August 31 on the James Connally Campus.

Grads May Pre-Register For CTC

Sheridan D. Cavitt, Director of Admissions and Counseling of Central Texas College, will visit Cameron High School on Tuesday, August 17, to give area high school graduates the opportunity to pre-register for the Fall Semester at Central Texas College.

Cavitt will be at the high school from 9 a.m. until 4 p.m., in order to pre-register those interested in attending Central Texas College in the Fall, and to course-plan and schedule their classes.

A \$5.00 pre-registration fee, which will be applied to the cost of tuition and fees, will be required. By pre-registering, students will have the advantage of choosing their courses at times most convenient to them, and will avoid the long waiting lines of final registration.

Fall Semester classes at Central Texas College will begin August 30. All new day students enrolled must attend Orientation on August 26. Students interested in applying for financial assistance and/or dormitory reservations may pick up applications from Mr. Cavitt.

Central Texas College, located between Killen and Copperas Cove, is fully accredited by the Southern Association of College and Schools. The College is only three and one-half years old, but has been recognized as one of the outstanding junior colleges in the nation.

The College offers students both Technical-Vocational training and academic training, complete with Associate Degrees which are transferable to senior colleges for completion of Baccalaureate Degrees.

Couch Joins Clinic Staff

Dr. Marshall D. Couch, formerly of San Antonio, is now associated with Newton Clinic and Newton Memorial Hospital in Cameron.

Dr. Couch is a 1953 graduate of Baylor University Medical School.

Area Grads Are New Vets

Two Cameron area residents are among 126 students in Texas A&M University's College of Veterinary Medicine awarded Doctor of Veterinary Medicine degrees Friday night (Aug. 6) here.

This is just a picture of your State Farm family insurance man.

You should see him in person.

The new veterinarians from the Cameron area are:

Henry W. Able, son of Mr. and Mrs. Henry W. Abel, Route 1, Buckholts. He will join the Pearl and Animal Hospital, Pearl. Able is a Rockdale High School graduate and first enrolled at Texas A&M in 1966.

Bobbie Rand Hillman, son of Mr. and Mrs. A. C. Hillman, Route 1, Buckholts, who will join Animal Health Division of the USDA in Wichita Falls. Hillman is a C. H. Yoe High School graduate. He first enrolled at A&M in 1965.

Cong. Graham Purcell of Wichita Falls gave the commencement address. Others on the graduation program were A&M Board of Directors Chairman Clyde Wells of Granbury and A&M President Jack K. Williams.

Dean A. A. Price noted the three-year professional college has one graduation exercise each academic year, following the third trimester in August.

Texas A&M has the nation's largest veterinary medicine college and produces 10 per cent of the DVM graduates of America.

BIBLE WAY CHURCH OF GOD IN CHRIST

HOLD ON

How we love to watch these trapeze artists perform! We watch them in amazement, though feeling some peril in their doings. We can almost near the crowd say "Hold On!" It is a parable of you and me. God is the strong member of the team. We live every day in peril and difficulty... we hang from His hand.

We must hold to the hand of God if we win. Prayer is our aid to keep his hand in ours. We read The Book and attend His church for courage and strength. But a closer look will give us hope. We are "holding on" to God but better still God is "holding on" to us.

God does not faint or grow weary. Then "hold on" to Him, for "He shall renew thy strength."

You In The Church
The Church In You
Form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity. Be a faithful worker in daily bible reading and attend services regularly.

Roast Pork Provides Tasty Barbecue Bonus

Budget-wise homemakers are bringing pork loin roasts to the family table with increasing frequency during these days of lower pork prices. Good as tender, juicy

pork is, a roast often provides meat for more than one meal. Extra cooked pork is a special asset when a good

second-day recipe is on hand, points out Reba Staggs of the National Live Stock and Meat Board. She suggests Barbecued Pork on Buns as one excellent way to get full flavor advantage from left-

over meat.

Barbecue Pork on Buns
2 cups diced or chopped cooked pork
1/4 cup chopped green pepper
2 tablespoons lard or

drippings
1/2 cup catsup
2 teaspoons prepared mustard
2 tablespoons water
2 tablespoons brown sugar
1 tablespoon instant

minced onion
1 tablespoon Worcester-shire sauce
1/2 teaspoon salt
4 hamburger buns
Lightly brown pork and green pepper in lard or drip-

pings in frying-pan. Pour off drippings. Add catsup, mustard, water, brown sugar, instant minced onion, Worcester-shire sauce and salt. Cook over low heat, 20 to 25 minutes, stirring occasionally. Serve on hamburger buns.
